

Chairman Powell,

I'm writing simply to protest the present situation concerning the new FCC ruling and allow for OPEN, PUBLIC DEBATE. I haven't been able to find anything concerning the actual content of the rule changes (seems against the 'spirit' of the Freedom Information Act) and couldn't contact your office through normal voice channel.

I hope you'll consider delaying the change and allowing actual public debate to occur.

U.S. Citizen who believes in democratic debate
